PERSONAL SUMMARY

An ambitious problem solver with a passion for online businesses, and who would like to join a team of like-minded developers. As someone who takes responsibility for my own personal development, I am continually evaluating and upgrading my skills so that I stay at the cutting edge of web development.

Right now I am looking for a suitable position with a company where outstanding performance is recognized and where I can work on a variety of high profile projects.

CAREER

A Computer Science graduate who is seeking to find the opportunity To work in a fun and challenging working environment that will encourage me to improve and learn new and necessary skills as well as be motivated by the company to do my best for the sake of helping himself and the company.

Projects that I have worked on:

1) ExoticPets Website (Final Year Project)

This website was developed using Asp.net MVC. The main purpose of the website was to enable users to order pets accessories online. Moreover, one can submit its request for veterinary services like doctor, grooming etc.

Key Features:

- Simple Design and Layout
- Add to cart
- CRUD
- Validations
- Authorization
- Admin Panel
- OOP
- SQL Database

2) Vibly Movie Rental

This was a simple application which was developed by me during the course of learning Asp.Net. Using this application, we can add, delete, and edit customers and movies details which are available for rent. For a customer to rent a movie, he/she must be registered first.

Key Features:

- CRUD
- Custom Validation
- JQuery Plugins
- Authentication and Authorization
- Code First Approach
- Migrations
